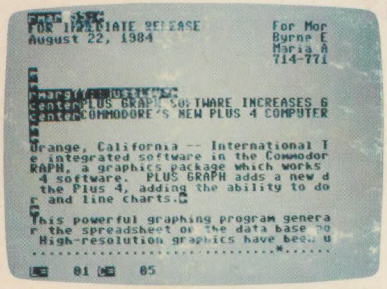
LIMITED WARRANTY

This program, instruction manual, and reference materials are sold "as is," without warranty as to their performance, merchantability, or fitness for any particular purpose. The Seller's salespersons may have made statements about this software. Any such statements do not constitute warranties and shall not be relied on by the buyer in deciding whether to purchase this program. The buyer is advised to test the program thoroughly before relying on it. The entire risk as to the results and performance of this program is assumed by you.

However, to the original purchaser only, the publisher warrants the magnetic diskette on which the program is recorded to be free from defects in materials and faulty workmanship under normal use for a period of ninety days from the date of purchase. If during this ninety day period the diskette should become defective, it may be returned to the publisher for a replacement without charge, provided you have previously sent in your limited warranty registration card to the publisher or sent proof of purchase of the program. Your sole and exclusive remedy in the event of a defect is expressly limited to replacement of the diskette as provided above.

Any implied warranties relating to the diskette, including any implied warranties of merchantability and fitness for a particular purpose, are limited to a period of ninety days from date of purchase. Publisher shall not be liable for indirect, special, or consequential damages resulting from the use of this product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations do not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

THE WRITE FILE

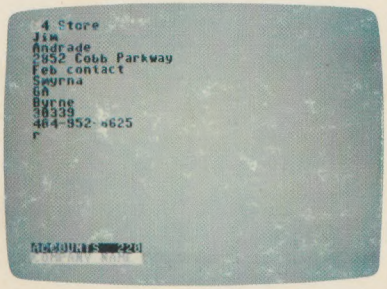


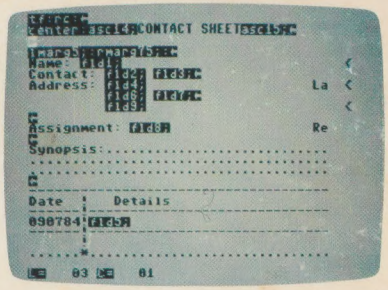
It's a Wordprocessor!

Prepare professional looking documents by utilizing an 80 column screen format and simple commands that enable you to: vary margins, justify text, search and replace words or phrases, vary page and paper length, link unlimited amounts of pages, and move blocks of text between pages. Printer commands include shadow and bold printing, superscript, subscript, and centering.

It's a Data Base!

This computerized filing cabinet allows you to store and organize mailing lists, inventories, personal files and much more. These items can then be retrieved by category, name, index code or data range. Subfiles can be created for custom reports. Storage capacity yields up to 999 records with 17 fields per record, and 38 characters per field.





It's Integrated!

Because both programs are integrated as a single system, data can be moved between the programs without ever having to swap disks or reload programs. This means you can generate and print customized reports and letters, with data incorporated anywhere in the written text.

THE WRITE FILE interfaces with Tri Micro's YOUR HOME OFFICE and PLUS GRAPH designed to further increase your personal productivity.
